

Introducing Caroma®'s New Somerton Smart 270 Easy Height Water Closets

Featuring Caroma®'s Industry Leading, Ultra-Low Smart Dual-flush Technology at 1.28gal/4.8L (solid flush) and 0.8gpf/3L (liquid flush)

Caroma®, the worldwide leader in high efficiency dual-flush toilets for commercial and residential use, is the premier choice for businesses and households worldwide who look for exceptional performance and stylish designs. Combining quality, water saving innovations and aesthetic appeal, Caroma®'s award-winning products preserve the world's most valuable resource – water.

Water Efficiency

WaterSense® labeled, the Somerton Smart 270 incorporates dual-flush technology that boast 1.28/0.8 gallons per flush (gpf). Caroma®'s Somerton Smart 270 toilets are one of the lowest consumption High Efficiency Toilets (HET) in the market with an average flush of 0.9gpf (3.6L). As with all Caroma® toilets, the signature trapway is nearly twice the size of the industry average, virtually eliminating blockages.

High Design

Somerton Smart 270 Water Closets feature a curved rectangular shaped tank for a more modern look in the bathroom. Their sleek contemporary design includes an 'Easy Height' fully skirted bowl (16.5"/420mm floor to rim) for comfortable seating. Easy to install with an adjustable connector, the Somerton Smart 270 Water Closets is available in round and elongated bowls that are suitable for ADA installations. The Somerton Smart 270 Round Front Plus bowl option offers a European style bowl with a universal fit.
